Yaran International, Inc.

Yaran International was founded on December 5, 2021, with a mission to support individuals in need and to foster meaningful improvements within their communities and lives.

Yaran Objectives

Food • Housing • Health • Education

Yaran mission is to support individuals in need by meeting critical basic needs, including **food, housing, health services, and education**. By offering direct assistance and/or fostering long-term solutions, Yaran works to strengthen individuals, families, and communities, helping them build a foundation for stability, opportunity, and a better future.

These objectives are defined as follows:

Individual in Need

Any individual, regardless of color, race, heritage, religion, or nationality, who is experiencing financial hardship due to unforeseen circumstances such as health issues, disabilities, family situations or natural disaster, which limit their ability to overcome negative economic challenges.

Environment & Community (Special Projects)

Supporting the care, restoration, and improvement of shared environmental and community spaces that are essential to public well-being. This includes protecting and maintaining natural public areas such as parks, forests, lakes, and wildlife habitats, as well as addressing under-maintained public properties and infrastructure such as streets, alleys, highways, schools, hospitals, and other public facilities. Through these efforts, Yaran aims to strengthen communities by improving living conditions, encouraging environmental responsibility, and building a foundation for long-term, positive community development that promotes healthier and more fulfilling ways of living.

Cultural Progress

Encouraging gradual cultural development by promoting inclusivity, mutual respect, and harmonious coexistence without prejudice.
